Re: University of Central Florida 2005 Campus Master Plan Amendment

Dear Mr. Davis:

Thank you for the opportunity to comment on the plan amendment to the University of Central Florida Campus Master Plan. It is District staff's understanding that the plan amendment is limited to the addition of a football stadium and associated surface parking.

On June 7, 2005, the District issued Permit Number 4-095-20026-48 for the construction of a football stadium within Basin 2-H of the master surface water management plan, in accordance with the plans received by the District on April 1, 2005. The plans submitted, however, do not appear to include any surface area parking, as discussed in your telephone conversation with Margie Cook of our office on October 25, 2005. Please be advised that a permit is required for the placement of impervious area within the UCF Campus prior to construction.

If you have any questions regarding our comments, please contact me at 407-659-4800 or Margie Cook at 407/659-4837.

Sincerely,

A handwritten signature in black ink, appearing to read "David Dewey".

David A. Dewey, Altamonte Springs Service Center Director
