**Subject:** University of Central Florida 2005 Campus Master Plan Stadium Amendment

Dear Ms. Allen:

Enclosed please find a attached the draft of the University of Central Florida's 2005 Campus Master Plan Update to include an on-campus football stadium. As you may know, the University legally advertised its informal information session and its first public hearing. The informal information session was held on July 12, 2005 and the first public hearing was held on July 25, 2005. Per subsection 1013.30(6), Florida Statutes, the Department of Environmental Protection must be afforded an opportunity to review and comment on the draft Plan. The law further states that the reviewing agencies have 90 days after receipt of the campus master Plan in which to conduct their reviews and provide comments to the university board of trustees. A second public hearing is planned for November 9, 2005 and will be advertised according to the legal requirements governing campus master plans.

We invite you and your staff to review the document at your earliest convenience. If you have comments on the Plan, we ask that you provide them to me at the following mailing address:
